President's Report

We are planning a working bee on Wednesday afternoon (8th June) after the meeting to move the rest of the late Bob Shannon's historical collection from Berrima Gaol to the Courthouse. We would like to get it all done in one afternoon so as many hands as possible would be greatly appreciated.

Rotary Meeting 1 June 2016

We had one of our NYSF (National Youth Science Forum) participants return to the club to give us her thoughts on what the forum meant to her. Emma Croker, a year 12 student at Oxley College. The NYSF is a 12 day residential programme at the Australian National University (ANU) that offers students a wide variety of study and career options. Emma found it a fantastic experience that allowed her to apply science, gain work experience and form networks with like minded students and academics.

It was a delight to have Emma come and speak with us. Her passion for science and her gratitude to Rotary for enabling her to attend the NYSF was wonderful to see. Emma's report on her experience is attached to your Banter Email as a PDF file for anyone interested in further reading. I recommend it - It's a great read!

Lyndall McGrath
President Elect
